

A Prayer for Fathers

Our Heavenly Father

Today, we pray for all the fathers in our lives

For those who are able to be with their children and loved ones

And the fathers who are separated by moments and miles

Thank you for teaching us what it means to be a father

For giving us all the fathers in our lives who raise their own

And men that support, mentor and are a role model for others

For the wisdom and strength they offer when times are tough

For their compassion and patience when we as children so often fail

For the gentle words and quiet understanding that brings peace

We know all these things come from you, Lord

Today may be joyful for some and hard for others

Father to the fatherless, you have the power to heal

Bless this day and embrace us in your mercy

Amen
